Front registration is near even, with a 51.9/48.1 right-heavy horizontal split and a 50.9/49.1 lower-heavy vertical split; the back is similarly balanced at 50.8/49.2 right-heavy and 51.0/49.0 lower-heavy. Front top-left, top-right, bottom-left, and bottom-right corners retain complete factory geometry, while back top-left, top-right, bottom-left, and bottom-right corners remain evenly formed with intact colour. Front top, bottom, left, and right edges are clean, and back top, bottom, left, and right edges retain a consistent dark-blue perimeter without visible chipping or whitening. The front foil field and back blue field show no confirmed scratch, pressure mark, abrasion, residue, or coating disruption; the reverse geometric lines are printed design elements. The balanced registration and clean presentation across corners, edges, and surfaces support the awarded 10 - Flawless grade, and print registration, colour reproduction, and foil application are consistent with genuine Bandai production for this set.
