A SUMMARY FINDINGS (FORENSIC NARRATIVE)

This 2023 Japanese One Piece Card Game - Baby 5 (OP05-034) Rare Parallel from Awakening of the New Era was evaluated visually using high-resolution imagery.

The card presents pack-fresh preservation with exceptional structural integrity across corners, edges, and surface.

Initial surface irregularities noted during review were determined to be light reflections caused by the protective penny sleeve, not defects in the hologram substrate.

Centering falls comfortably within high-grade tolerance. Corners remain sharp and well-formed, while edges exhibit no visible whitening or compression.

No signs of handling damage, pressure marks, or structural wear were identified.

Based on the observable condition, the card meets the criteria for Flawless (FL 10) certification.
